

Ph.D. Degree Supervisory Committee+
Department of Scientific Computing
Florida State University

Name: _____ Date: _____

Track*: _____

Dissertation Title: _____

Committee Members:+

_____ <i>Advisor</i>	_____ <i>Signature</i>
_____ <i>Co-advisor (if applicable)</i>	_____ <i>Signature</i>
_____ <i>Representative-at-Large, Department</i>	_____ <i>Signature</i>
_____ <i>Committee Member, Department</i>	_____ <i>Signature</i>
_____ <i>Committee Member, Department</i>	_____ <i>Signature</i>
_____ <i>Committee Member, Department</i>	_____ <i>Signature</i>
_____ <i>Committee Member, Department</i>	_____ <i>Signature</i>
_____ <i>Committee Member, Department</i>	_____ <i>Signature</i>

*Options include Major Atmospheric Science, Biological Science, Biochemistry, Geological Sciences, Material Science, Physics

+The Doctoral Committee has a core of five members but may have additional members. The core consists of the Major Professor as Chair, two or three other members from the major area, and at least one Representative-at-large from outside of the Department of Scientific Computing; if a track other than the major track is chosen, then one Committee member (it can be the Representative-at-large) must be chosen from your minor area. If your Advisor only has a courtesy appointment in the Department of Scientific Computing then you must have an advisor from the Department. All members of the core must be members of the Graduate Faculty and must possess doctoral directive status.

The core of the Supervisory Committee should be kept at its full complement throughout the graduate career of the individual student. Thus, in the event of a vacancy on the Committee (occasioned by resignation, faculty leave, or inability to serve), an appropriate replacement must be made prior to the making of any committee decision and new form submitted.
