3. Gordon, by accident, missed the meeting of department chairs and directors. He will report back from the Chairs and Directors meeting at the Dean's office, which has been delayed.
4. Gordon announced it is time to think about the fall 2019 academic schedule regarding days, times, and electives.
5. Gordon is involved with CRI, Campus Reimagined. This campus initiative is intended to connect students with their passions. Gordon has been working with Bill Lindner, Director, Center for Academic and Professional Development and Jesse Torres, Development Officer, with FSU Foundation.
6. ISC 1057 is almost ready to be launched as an online class for spring 2019. A budget had to be created and approved before the course could be listed in the class search. In the meantime, since the faculty meeting, ISC1057 online course has been approved.
7. As a point of interest Gordon mentioned a textbook resource. The book is Model-Based Machine Learning by Christopher Bishop. Here is a link <http://mbmlbook.com>
8. The meeting was adjourned at 2:45.
